research interests: human-AI interaction, AI for philosophy + thought

EDUCATION

University of Washington Sep. 2021 – Jun. 2025
B.S., Computer Science. B.A., Philosophy with Honors. Minors: Mathematics, History.
Computer Science advisors: Amy X. Zhang, Ranjay Krishna. Philosophy advisor: Rose Novick.

RESEARCH EXPERIENCE

Undergraduate Researcher advised by Amy X. Zhang, Ranjay Krishna
Collaborated with PhD students and faculty in the department and beyond to lead projects in topics spanning computer vision, HCI, and philosophical aspects of AI.
Mentored undergraduate in CS and psychology.

Social Futures Lab, RAIVN
University of Washington
Feb. 2022 - Present

Research Intern advised by Andrew Seagraves
Developed more data-efficient methods for audio transcription model training by designing data 'curricula', yielding up to a 2x speedup.

Deepgram
Jun. 2022 - Sep. 2022

Research Assistant advised by Behzad Najafian
Developed model architecture, training, and inference specialized for prediction of specialized structures in the kidney.

Najafian Lab
UW Medicine
Mar. 2021 - May 2022

AWARDS, SCHOLARSHIPS, FELLOWSHIPS

Outstanding Undergraduate Researcher 2024 Finalist, Computing Research Association
2024 Mary Gates Scholar
Phi Beta Kappa member (sponsored by UW Philosophy)
Philosophy Department Outstanding Undergraduate Scholar Award (2024)
Reboot Fellowship 2023 Member
HCOMP 2023 Student Scholarship
NASA 2022 Space Hackathon Global Nominee

TEACHING

Teaching Assistant, CSE 160 & 163 (Data Programming Series), CSE 311 (Discrete Math)
5 x TA for Python, data programming, and discrete math courses.

Allen School of CSE
Mar. 2022 - Present

Teaching Assistant, English Composition & Literary Analysis
TA for introductory through intermediate level composition and literary analysis courses.
Designed and taught units on critical/cultural and media theory.

Robinson Center
Sep. 2022 - June 2024

Teaching Assistant, Introduction to Machine Learning
TA for TCS' online, nationwide introductory ML course for disadvantaged or underrepresented high schoolers and middle/high school educators.

The Coding School (TCS)
Sep. 2022 - Jun. 2023

VOLUNTEERING & COMMUNITY INVOLVEMENT

Workshops and Conferences

Reviewer: 2024 CSCW, 2023 NeurIPS Moral Psychology & Philosophy Workshop, 2023 ICML AI + HCI Workshop
Volunteer: AGI Conference 2024

Philosophy of Deep Learning, Group Leader

Organized and led small group meetings. Each week, we discuss assigned book excerpts / papers. Encouraged CS students to take interest in philosophy, and vice versa.

Interactive Intelligence
Sep. 2022 - Aug. 2023

Reading Group Coordinator & Web Support

Organized and provided web support for summer reading groups at the Philosophy Dept.

Philosophy Department
Jun. 2023 - Aug. 2023

Cofounder, Research Head

Spearheaded and supported research at Interactive Intelligence, a student-run neuroscience and AI research group. Created website, advised ongoing projects, advocated for compute resources (raised >\$25k from the university), helped onboard new students.
